

Join the Caring for Ayrshire Conversation

- What challenges do health and care services face in Ayrshire and Arran?
- What is important to the people of Ayrshire and Arran when accessing care or treatment?
- How would you improve care for patients, families and unpaid carers?

- If you:
- live, work or study in Ayrshire and Arran and have an interest in shaping the future of your local health and care services;
 - provide health or care services for the people of Ayrshire and Arran;
 - support patients, their families or unpaid carers in Ayrshire and Arran;
 - co-ordinate, engage with or represent local networks or communities across Ayrshire and Arran;

please come along to one of our discussion workshops to share experiences of the challenges facing local health and care services, and talk about how we can work together to shape health and care services that are fit for the future.
